

Standard:

- This license is tailored for aspiring artists taking their first steps into the music industry. It offers a lower streaming limit and does not include track outs.

Professional:

- Designed for semi-professional artists seeking elevated audio quality and greater limitations, this license provides access to the track out files [Stems] + MP3 & WAV Files.

Unlimited:

- Tailored to meet the demands of dedicated artists striving for top-notch recording, this license is perfect for serious musicians. With unlimited streaming and track outs included, you gain the ability to mix each individual instrument track. You'll also have the rights to submit your music to radio stations and TV.

Exclusive:

- Exclusively designed for professional artists seeking absolute ownership and unrestricted creative freedom with their beats, this license offers the complete package. You'll receive all files, and rest assured, once the beat is acquired, it will be permanently removed from the beat store, ensuring exclusive rights for your artistic endeavours.

A handwritten signature in black ink, consisting of a large, stylized initial 'C' followed by a smaller 'm' and a horizontal line extending to the right.
